Agile	29%	19%
Hybrid	24%	16%

Q: In your estimation, what percentage of the projects that you managed and completed within your organization in the past 12 months used the following types of approaches? (Mean percentage of projects shown.)

New strategy supports all change makers and all of them use PM skills to make things happen

- Every organization is going through change today and relying project professionals to be key change makers in organizations.
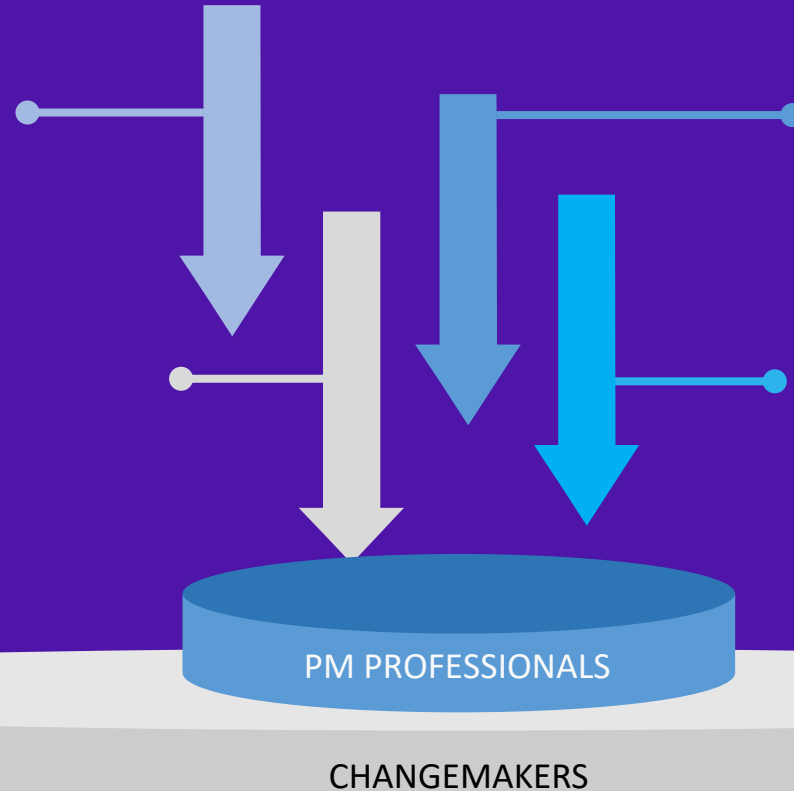

- PMI will support **both** our core audience of project professionals to reskill and upskill, while expanding to the larger audience of all change makers.

PM PROFESSIONALS

CHANGEMAKERS

PMI Serbia Initiatives that drives PM development

- Provide a variety of professional development opportunities
- Create occasions for networking
- Empower students to start their project management journey
- Supporting profit and non profit organizations
- Open knowledge base
- Help to earn PDU's

PMI SERBIA supports global ambitions

Organization of special events for networking

Establishing cooperation with PMI associations in the region

Benefits for young people such as free membership in PMI Serbia, or vouchers for conferences

Expanding cooperation with European branches to bring Serbia closer to the world

Delivery of additional educational content By carefully choosing topics in different industries

Organization of lectures, workshops at universities by PMP certified members of PMI.

Global recognition

Improve Your Relevance as a Project Management Professional

Experience New and Expanded Engagement Opportunities

Increase Your Impact

[by 2027 employers will need nearly 88 million people](#) in project-related roles

Step into the future with PMI**xAI**

The need for upskilling is urgent

Only about 20% of project managers report having extensive or good practical experience with AI tools and technologies. Be the Difference!
